## Consensus

Relative frequency of amino acids in the protein sequence. The x-axis lists the amino acids: G, E, K, C, S, A, P, H, E, H, S, W, G, T, C, Y, H, N, A, L, I, C, G, V, D, D, E, V, V, M, N, S, E, G, V, L, D, A, R, L, R, V, L, F, T, N, P, T, H, R, E, M, L, P, C, S, Y, Y, L, E, G, E, C, R, F, D, E, A, K, C, R. The y-axis represents relative frequency, with a scale from 0 to 1.0. The bars are colored blue. The sequence is: G E K C S A P H E H S W G T C Y H N A L I C G V D D E V V M N S E G V L D A R L R V L F T N P T H R E M L P C S Y Y L E G E C R F D E A K C R.
